Provide a short explanation of the need for this rule:
AAPFCO updates their Official Publication annually. The IDAPA rule is updated each year to correspond with the current publication. Keeping our rule updated with the most recent publication ensures that Idaho is consistent in using the definitions, terms, and policies that are used nationwide by soil and plant amendment manufacturers.

Provide a short summary of the changes this rule makes: The rule updates the date of the AAPFCO Official Publication that is currently incorporated by reference from 2014 to 2015.
