DOCKET NO. 02-0214-1301

PENDING RULE FEE CHANGE SUMMARY

REASONS FOR THE FEE CHANGE: The proposed fee rule amendment to Table 1-A will include new emerging devices that are appearing in the retail market. Establish a minimum license fee and increase the license fee for commercial scales rated over 7500 pounds to more accurately reflect inspection costs.

DESCRIPTIVE SUMMARY: The following is a summary of the fee change: This fee is being increased or imposed pursuant to Section 71-111 and 71-121, Idaho Code. The Department is proposing to amend IDAPA 02.02.14, Section 016 to remove language that establishes an annual license fee for devices not on Table 1-A. Add language to establish a minimum license fee of \$12. Add new categories in Table 1-A for devices emerging into the market place, e.g., liquid and compressed natural gas meters and fuel additive meters. Increase license fees for Device Codes D, E & F to more accurately reflect inspection costs.
