

**IDAPA 02 – DEPARTMENT OF AGRICULTURE**

**02.02.14 – RULES FOR WEIGHTS AND MEASURES**

**DOCKET NO. 02-0214-1402**

**NOTICE OF RULEMAKING - ADOPTION OF PENDING RULE**

**EFFECTIVE DATE:** This rule has been adopted by the agency and is now pending review by the 2015 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

**AUTHORITY:** In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section(s) 71-111 Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

Our current labeling requirement conflicts with the EPA 40 CFR § 80.1501 when ethanol blends are offered for sale at greater than 10%. Any blend less than 10% is not required to be labeled under federal requirements, but will continue to be required by state rule. Language will be added to the section for oxygenated gasoline that will clarify the labeling requirements of 10% or less ethanol blend ranges. This rule change will not impact petroleum retailers that comply with the current rule.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the July 2, 2014 Idaho Administrative Bulletin, Vol. 14-7, pages 18-20.

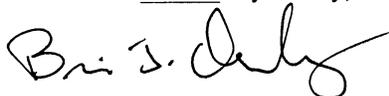

**IDAHO CODE SECTION 22-101A STATEMENT:** This rule does regulate an activity not regulated by the federal government. The federal government does not regulate oxygenated blends of fuel under 10%.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

ISDA does not anticipate any fiscal impact from the changes to be made to the Rule during this rulemaking.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning this pending rule, contact Stacie Ybarra, Program Specialist at (208)332-8691.

DATED this 31<sup>st</sup> day of July, 2014.
