

**IDAPA 02  
TITLE 04  
CHAPTER 21**

**02.04.21 - RULES GOVERNING THE IMPORTATION OF ANIMALS**

**109. VESICULAR STOMATITIS.**

No livestock may enter Idaho from another state if Vesicular Stomatitis has been diagnosed ~~within ten (10) miles of~~ on the premises of origin of the shipment within the last thirty (30) days. ~~(3-30-07)(\_\_\_\_\_)~~

**01. Certificate of Inspection.** Any livestock entering Idaho from a state where Vesicular Stomatitis has been diagnosed within the last thirty (30) days shall be accompanied by a certificate of veterinary inspection with the following statement written by the accredited veterinarian on the certificate: "All animals identified on this certificate of veterinary inspection have been examined and found to be free from Vesicular Stomatitis. During the last thirty (30) days; these animals have neither been exposed to Vesicular Stomatitis nor located within an area where Vesicular Stomatitis has been diagnosed." (5-3-03)

**02. Permit for Entry.** Livestock from states in which Vesicular Stomatitis has been diagnosed within the last thirty (30) days shall be accompanied by a permit for entry into Idaho. The permit number shall be written on the certificate of veterinary inspection. (5-3-03)

***(BREAK IN CONTINUITY OF SECTIONS)***

**240. TUBERCULOSIS TEST REQUIREMENTS.**

Cattle and domestic bison may enter the state of Idaho provided: (5-3-03)

**01. Tuberculosis Accredited Free State or Zone.** Cattle and bison that originate from a bovine tuberculosis accredited free state or zone, as defined by USDA in Title 9, Part 77, CFR, in which there are no animals or herds infected with or exposed to tuberculosis may be imported upon meeting the following requirements: (4-11-06)

**a.** Cattle of beef breeds may enter the state without a tuberculosis test. (4-11-06)

**b.** All sexually intact male and female cattle, six (6) months of age and older, of dairy breeds, shall be officially identified and tested negative for tuberculosis, within sixty (60) days prior to entry into the state of Idaho except intact male and female cattle of dairy breeds consigned directly to a feedlot approved for finish feeding of cattle for slaughter only relative to tuberculosis may enter by permit without a tuberculosis test provided the cattle have been individually identified on a certificate of veterinary inspection. (4-2-08)

**c.** All sexually intact male and female cattle, six (6) months of age and older, of dairy breeds, may enter Idaho for the purpose of participating in shows or exhibitions, by permit, without a tuberculosis test. (4-11-06)

**02. Tuberculosis Accredited Free Herd.** Cattle and bison that originate in an accredited tuberculosis free herd in either an accredited free state or zone, a modified accredited advanced state or zone, or a modified accredited state or zone, as defined by USDA in Title 9, Part 77, CFR, and for which both an accredited herd number and date of last tuberculosis test are shown on the certificate of veterinary inspection, may enter the state without a tuberculosis test. (5-3-03)

**03. Tuberculosis Modified Accredited Advanced State or Zone.** Cattle and bison that originate from a modified accredited advanced state or zone, as defined by USDA in Title 9, Part 77, CFR, and are not known to be

infected with or exposed to tuberculosis, may be imported upon meeting the following requirements: (5-3-03)

**a.** Steers, spayed heifers, and intact heifers of beef and dairy breeds that are less than fifteen (15) months of age, which are consigned for grazing, or steers, spayed heifers, and intact heifers of beef and dairy breeds that are consigned directly to a feedlot approved for finish feeding of cattle or bison relative to tuberculosis, may enter without individual identification or testing for tuberculosis; and (~~3-20-04~~) (\_\_\_\_\_)

**b.** All other cattle and bison, except those moving on grazing permits issued by the Administrator under the provisions of Section 220 and those consigned for immediate slaughter at an approved slaughter establishment, shall be tested for tuberculosis with negative results within sixty (60) days prior to entry into Idaho. (3-20-04)

**c.** Tuberculosis testing requirements in Subsection 240.03 may be waived, with administrator-approval, for feeder animals of beef breeds and bison originating from a modified accredited advanced state or zone previously classified as accredited free if the state of origin has had no laboratory confirmed case or other epidemiological evidence of tuberculosis in the previous twelve (12) months and the herd of origin is not under hold order, quarantine, or epidemiological investigation for tuberculosis. (4-7-11)

**04. Tuberculosis Modified Accredited State or Zone.** Cattle and bison that originate in a modified accredited state or zone, as defined by USDA in Title 9, Part 77, CFR, and which are not known to be infected with or exposed to tuberculosis, may enter Idaho under one (1) of the following conditions: (5-3-03)

**a.** The cattle and bison are steers, spayed heifers or intact heifers which are consigned directly to a feedlot approved for finish feeding of cattle and bison relative to tuberculosis and that have been individually identified and classified negative on an official tuberculosis test within sixty (60) days prior to entry into Idaho; or (5-3-03)

**b.** The cattle and bison are consigned for immediate slaughter at an approved slaughter establishment; or (5-3-03)

**c.** The cattle and bison have been subjected to two (2) official tuberculosis tests, the results of which are negative, the first test shall be a whole herd test, the second test shall be at least sixty (60) days, and no more than six (6) months, after the whole herd test and shall be not more than sixty (60) days prior to entry into Idaho. (5-3-03)

**05. Tuberculosis Accredited Preparatory State or Zone.** Cattle and bison that originate in an accredited preparatory state or zone, as defined by USDA in Title 9, Part 77, CFR, and which are not known to be infected with or exposed to tuberculosis, may enter Idaho under one (1) of the following conditions: (5-3-03)

**a.** The cattle and bison are steers, spayed heifers or intact heifers which are consigned directly to a feedlot approved for finish feeding of cattle and bison relative to tuberculosis and that are individually identified and have been classified negative on two (2) official tuberculosis tests conducted at least sixty (60) days, but not more than six (6) months apart, with the second test being conducted not more than sixty (60) days prior to entry into Idaho; or (5-3-03)

**b.** The cattle and bison originate in a tuberculosis accredited free herd, are individually identified, and have been tested negative on an official tuberculosis test within sixty (60) days prior to entry into Idaho; or (5-3-03)

**c.** The cattle and bison are individually identified, are from a herd that has been subjected to a complete tuberculosis herd test with negative results within the past twelve (12) months and the animals being imported have been subjected to two (2) additional official tuberculosis tests with negative results, conducted not less than sixty (60) days apart with the second test being conducted not more than sixty (60) days prior to the date of importation. (5-3-03)

**06. Tuberculosis Non-Accredited State or Zone.** Cattle and bison that originate in a non-accredited

state or zone, as defined by USDA in Title 9, Part 77, CFR, may not enter Idaho except by special permit issued by the administrator and under the conditions specified by the administrator at the time the permit is issued. (5-3-03)

**07. Rodeo Stock.** All cattle six (6) months of age or older imported into Idaho for rodeo or timed events must have been tested negative for bovine tuberculosis within twelve (12) months prior to importation into Idaho.
