Re: 02.06.31 Noxious Weed Free Forage and Straw Certification Rules

Dear Mr. Oakey,

This letter is to signify my support for the changes proposed for the Noxious Weed Free Forage and Straw Certification Rules.

Although this category of Forage and Straw makes up very little of Adams County's production, I view the program as potentially very valuable to our small producers. These rule changes would support our State's continuing partnership with NAISMA to service this market.

Respectfully,

David J. Herold
Superintendent
