April 14, 2016

To: Idaho State Department of Agriculture Director Celia Gould

From: Idaho Association of Weed Control Superintendents

Purpose: Requesting that Scotch broom related genus be added to ISDA Noxious Weed List

This letter is in response to our IAWCS spring meeting in April of 2016. Our proposal to request changes by ISDA to the Idaho state noxious weed list involves four genus as described in the attached proposal. These changes were approved at the IAWCS annual meeting in January of 2016 by the entire membership.

All Idaho Weed Control organizations and the Idaho Nursery and Landscape Association members are being notified of this attached proposal with the appropriate changes made at our annual meeting. The original proposal included only the Cytisus genus. This final request includes four genus including four species as requested by the members of the IAWCS. We believe at this time we have the support of all Idaho Weed Control organizations.

Bryce Fowler-Chairman IAWCS

Terry Lee-Vice Chairman IAWCS
