<b>Provide a short explanation of the need for this rule:</b> IDAPA 02.06.01-500-502 lists the different services and fees for seed testing. It was last updated in 2006. Over the last 12 years, the types of services offered by the lab have changed. Based on customer demand, some services are no longer offered and some new services have been added. For this reason, we would like to update this service/fee schedule. We are not increasing any prices for any currently offered service; however charging for new services will make this a fee rule.	
<b>Does this rule adopt amendments to materials previously incorporated by reference?</b> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <b>Filename:</b>	
<b>Provide a short summary of the changes this rule makes:</b> The following changes will be made to the list of services/fees: 1. Deleting tests that we no longer perform. For example, Ammonia Test and Hay Pellet Germination. 2. Add tests that are now performed. For example, Round-Up-Ready Test, Certified Purity Tests, Sand Germination Test.	
<b>Provide a list of those persons or interested group(s) affected by the rule:</b> Seed dealers and buyers.
