Hi Laura,

They're Idaho Preferred members so I thought it was a comment about their webpage.
After re-reading, I think they want Idaho Code to change?
Not sure how to best answer this...

Hello, I am Ivan Phelps, Black Pine Deer Farm, McCall, Idaho

I would like to see that Venison from Deer listed separately from Elk. The two meats are different. Elk should be listed as Elk Meat and Deer Meat as Venison. This is to give a distinction from each kinds of game meat.

Thank you, Ivan
