Subject: Dept of Agri 02.04.13 - Raw Milk

Subject rule infringes upon the rights of Idaho citizens. This rule needs to be amended to enable anyone to buy raw milk from any dairy within the State. If a dairy farmer and a private citizen come to a mutual agreement to buy and sell milk, the farmer should be able to do so without fear of State reprisal. If a person trusts a farmer to produce clean, wholesome milk, that person should be able to buy the milk. I was raised on raw milk from our own cows and also from a neighbors cows.

Please consider amending this rule.
