Dear Brian,

This letter is in response to an email I received regarding the proposed consolidation of the Noxious Weed Rules, Invasive Species Rules and the Weed Free Forage and Straw Rules into a single rule in the Administrative Rules.

Having read through the proposal, I have no objections to this re-ordering and in fact I support it wholeheartedly. I believe this consolidation will make it easier for the public to find and abide by the various rules.

Please don't hesitate to contact me if you need further information.

Sincerely,

David J. Herold
