Dear Mr Oakey,

I am writing to you today on behalf of myself and my community. I am concerned about the impact of the proposed rules regarding pesticide regulations in the State of Idaho. The proposed rules are a threat to public health and the safety of the workers who provide our community with food. Specifically, I am most concerned with the following:

Spray planes and the drift of pesticides and other poisons. There are better more efficient and safer ways to apply these things other than spray planes, which are dangerous. Sprays drift. I do not want the sprays in my yard.

Please uphold the standards the previous rules enforced and allow for stronger protections for our communities. Thank you for your time.

Signed,
[your name]
