Dear Mr Oakey,

I am writing to you today concerning the impact of the proposed rules regarding pesticide regulations in Idaho. The proposed rules are a threat to public health and the safety of the workers who work in the fields and harvest our food.

If safety standards are rolled back, other states and corporations may decide our food is unsafe and decide to purchase elsewhere. In addition, we will be failing to protect the most vulnerable residents in Idaho.

Please uphold the standards the previous rules enforced and allow for stronger protections for our communities. Thank you for your time.

Signed,
Joan Wallace
