Dear Mr Oakey,

I am writing to you today on behalf of myself and my community. I am concerned about the impact of the proposed rules regarding pesticide regulations in the State of Idaho. The proposed rules are a threat to public health and the safety of the workers who provide our community with food. Specifically, I am most concerned with the following: Spraying chemicals should not occur when winds are over 10mph. I have seen damage to non-target crops from drifting spray.

Please uphold the standards the previous rules enforced and allow for stronger protections for our communities.
Thank you for your time.

Signed,
[your name]
