Subject: Telephone Call Concerning Rules
Date: Thursday, July 9, 2020 10:29:38 AM

Janis –

Kali Sherril, who is the Weed Superintendent for Twin Falls County, ask for clarification on the CO category. Specifically, she wanted to know if everyone needed to retest on the CO Category.

I replied that it wasn't our intent to retest everyone that had already had the LS category or had existing independent categories. However, if the rules get significantly changes in the negotiated rule making process in regards to the CO category it might be a possibility.

If there are other people that call me in reference to the rules for clarification or information, do you need a synopsis like this?

Sherm.
