Hi Andrea,

I'm not suggesting that this is the answer certainly to the question about drip lines but I wanted to document Rick's comments while we were in discussion over Mike's concern. If we were to suggest "approved method by the Director" or something to that effect then it would allow a case by case remedy. Just a thought that we could bring up at the next meeting. It would be a real bummer to have a single concern derail the revision process so good to get it clarified beforehand.

Thanks for the nice review today. I thought that it was very good and allowed people to express their opinions well.

Regards, Lorell
