

Swine

All swine require:

- CVI with complete physical destination address.
- Individual, official identification listed on the CVI.
- The following statements:
 - ⇒ "These swine have not been fed raw garbage."
 - ⇒ "These swine have not received any pseudorabies vaccine."
 - ⇒ "To the best of my knowledge, these swine have not within the last 30 days originated from a premises known to be affected by PEDv and have not been exposed to PEDv."
- All breeding swine not originating from a brucellosis-free herd/state must have a negative brucellosis test within 30 days before movement into Idaho.

Please call our office if swine originate from an area which is not stage IV or V for pseudorabies.

Birds

All birds require:

- CVI with complete physical destination address.

Poultry, game birds, ratites, wildfowl & waterfowl also require:

- VS 9-3 if from a certified NPPI flock, or
- Negative *Salmonella pullorum*-typhoid test within 30 days before entry.

All wild birds also require:

- Entry Permit.
- Idaho Fish and Game may have further requirements.

Division of Animal Industries

This brochure provides the basic requirements for animals entering Idaho. Always remember that **you are responsible for being in compliance with Idaho import requirements.**

Entry Permits may be obtained through veterinarians that register at

ISDA Animal Industries - Import Permits ([idaho.gov](https://www.isda.idaho.gov))

<https://www.isda.idaho.gov/AnimalImport>

If you have any questions or do not see the species you would like to import listed here, contact ISDA at the number below.

The enclosed information is also available on our website at: www.agri.idaho.gov

Tel: 208-332-8540
or 208-332-8560

Livestock

Import and Export Requirements

Animals utilized for food, fiber, and sport

Cattle

Cattle that require identification listed on the CVI*:

- All dairy cattle of any age*β
- All sexually intact beef cattle (male and female) 18 months of age or older
- All cattle moving interstate for shows or rodeos

All cattle require:

- CVI with complete physical destination address.
- If being used for rodeo, all cattle ≥6 months require a negative TB within 12 months before entering Idaho.

Female cattle also require:

- Vaccination for brucellosis with legible tattoo recorded on CVI (<4 months and approved feedlots are exempt).
- All dairy breeds and unvaccinated females require an entry permit.
- All dairy breed females ≥ 6 months require a negative Tuberculosis test within 60 days prior to entering Idaho (approved feedlots are exempt).

Intact male cattle also require:

- All bulls require an entry permit.
- "Virgin Bull" statement if virgin **and** <18 months, or negative Trich test within 60 days if ≥18 months (approved feedlots are exempt).
- All dairy breed males ≥6 months require a negative TB within 60 days before entering Idaho (approved feedlots are exempt).

*β- Dairy steers require identification; however, **it does not need to be listed.**

Cattle Identification

Accepted forms of ID:

- Official ear tags (Orange or Silver USDA tags, 840-RFIDs).

Non-Accepted forms of ID:

- Registration tattoos or other breed association identification
- Trich tags
- Farm/Ranch tags
- Brands from state other than Montana, Nevada, Oregon, Utah, or Wyoming
 - If using brands, official ID is still required, and the CVI must have the common brand and statement that all animals have individual official ID.

Other Species

Fur species (skunk, raccoon, fox, and *mink) require:

- CVI with complete physical destination address.
- An entry permit.
- *Mink require a negative Counterelectrophoresis (CEP) test within 30 days before importation.

All camelids require:

- CVI with complete physical destination address.

All fish and fish eggs require:

- CVI or current AFS Health Inspection with full physical destination address.
- An entry permit.
- Invoice or Bill of Lading.

Equines

All equines require:

- CVI with complete physical destination address. GlobalVetLink EECVIs are the only extended certificates currently approved in Idaho.
- Negative EIA test within 12 months before entering Idaho.
 - Pending tests are not acceptable.
 - Untested horses may only be destined to an equine slaughter facility and require an entry permit.

Cervidae

All Cervidae require:

- Completed and approved Idaho Domestic Cervidae Import Application.
- CVI with complete physical destination address.
 - 2 listed forms of official identification
- Entry Permit (+unique permit number).
- Origination from herd actively participating in CWD Herd Certification Program and have certified CWD free status.
- Completed Tuberculosis testing and *P. Tenius* requirements.

Sheep & Goats

All sheep and goats require:

- Entry Permit
- Official & Flock IDs listed on CVI with complete physical destination address.

Intact dairy goats and intact male sheep ≥ 6 months also require:

- Negative brucellosis test within 30 days before entry (*B. ovis* for sheep and *B. melitensis* for goats).
