Lloyd Knight opened the meeting at 9:00 a.m. and outlined the rulemaking process and meeting expectations.

Andrea Thompson reviewed:

- Subchapter A – Commercial Feed. Purpose to make it congruent with the new additions of reference manuals. Removing what is already outlined in code. Consolidating and removing duplications. Guidelines for Human Grade to clarify how documentation will be handled. Removing duplications already found in statute. Removing cottonseed due to non-use.
- Subchapter B – Nurseries and Florists. Language proposed for deletion is already provided in statute.
- Subchapter C – Bee Inspection. Cleaning up text. Removing language unnecessary that is addressed in code or rule.
- Subchapter D – Fertilizer. Language proposed for deletion is already provided in statute or AAPFCO Official Publication. Language retained is unique to this rule and not addressed elsewhere.
  - Gary Lowe asked of the difference between the official publication and statute? Mr. Knight answered statute assumes priority but more detailed information from the official publication.
- Subchapter E – Soil and Plant Amendments. Removing duplication in statute or outline in publication

No other comments were offered by stakeholders.

Mr. Knight advised comments being accepted through April 29, 2022. Meeting adjourned at 9:28 a.m.
