Add to IDPA 02.06.09

Subchapter B Noxious Weeds

CURRENT RULES

01. Statewide Prohibited Genera Noxious Weed List

b. *Weeds listed in the Prohibited Genera list may exist in varying populations throughout the state.* The concentration of these weeds is at a level where control and/or eradication may be possible.

02. **Statewide EDRR Noxious Weed List.** If any of the listed plants (Subsection 220.02) are found to occur in Idaho, they shall be reported to the Department within ten (10) days following positive identification by the University of Idaho or other qualified authority as approved by the Director. These weeds shall be eradicated during the same growing season as identified

03. **Statewide Control Noxious Weed List**. *Weeds listed in the control list are known to exist in varying populations throughout the state.* The concentration of these weeds is at a level where control or eradication, or both, may be possible.

04. **Statewide Containment Noxious Weed List**. *Weeds listed in the containment noxious weeds list are known to exist in various populations throughout the state.* Weed control efforts may be directed at reducing or eliminating new or expanding weed populations while known and established weed populations, as determined by the weed control authority, may be managed by any approved weed control methodology, as determined by the weed control authority.

The prohibited Genera, Control, and Containment weed list descriptions have a statement about the status of those weeds in Idaho. *(in italics in 1, 3, and 4 above)* The EDRR Weed List (2 above) **does not** have any such statement.

Request to add the following statement (or something similar) to the EDRR Weeds List description (220 Noxious Weeds – Designations, 02.)

Weeds listed in the EDRR list are not known to be in Idaho but are known to have the potential to become established in Idaho and become problems or issues, or they are known to exist in the state in small enough populations that eradication is possible or realistic.
