

June 29, 2023

Deputy Director Lloyd Knight
Rules Review Officer,

Mr. Knight

The Idaho Dairymen's Association is submitting comments on two rules that are currently open for negotiated rulemaking: 02.04.114—Rules Governing Dairy Byproduct, and 02.04.30—Rules Governing Environmental and Nutrient Management.

After reviewing these rules, it came to our attention that the rules have not been sufficiently updated to reflect recent changes to the Dairy Environmental Control Act, namely Idaho Code 37-606(2). The changes that we are proposing are technical in nature, with the goal of making the rules conform to Idaho Code. Please see attached for a redlined word document that details sections of the rules that we believe should be revised to conform to the statute.

Please do not hesitate to contact us if you need further clarification.

Sincerely,

A handwritten signature in black ink that reads "Bob Naerebout". The signature is written in a cursive style with a long, sweeping underline.

Bob Naerebout
Government Affairs Director
